## Donor Impact Report

### Introduction | 1

An overview of the past five months and the recent campaign to benefit students in El Salvador.

### Your Impact | 3

Learn how your donations directly benefited the students in El Salvador.

### Key Figures | 6

Learn why your donation matters in the big picture of poverty and lack of education in El Salvador.

### The Future | 9

What does the future hold for Cultivate Careers? How can you continue to make a difference to students around the world?

# Introduction

The idea of Cultivate Careers was born less than five months ago, we are so grateful to be in the position we find ourselves in now. Our sincerest thanks goes out to every donor that has made everything up to this point possible!

Last week, over \$700 worth of educational tools were sent to three villages in El Salvador (El Junquillo, La Hacienda, and El Colón) as a gift to the elementary school students. Thanks to all the donations we received, we were able to purchase much needed equipment that will stimulate thinking and advance learning for current and future students in El Salvador.

Cultivate Careers would also like to thank our partner for this campaign, FUNDAHMER. FUNDAHMER is a nonprofit social organization based in El Salvador and approved by the Salvadoran government. This organization accompanies the poor in the struggle for justice by supporting community initiatives to transform the conditions of poverty, exclusion, and marginalization of populations in the zones of Morazan, La Libertad, Colon, and San Salvador. FUNDAHMER acted as our gateway to the three villages, as they work directly with them. Through constant communication, our organizations worked together to follow through with the process of sending and delivering the educational tools.

FUNDAMER provided a list of what specific donations would be most beneficial for their students' curriculum. Confirming that the items were in line with Cultivate Careers' mission, we utilized donations that were allocated starting on February 7, 2023 and ending on May 19, 2023 to purchase a total of sixty-nine separate educational tools of all shapes and sizes.

Brophy students and faculty member, Mr. Broyles, personally deliver a luggage of educational tools to a young girl from El Colón.

Finally, we are grateful for the annual Brophy immersion trip that agreed to deliver the educational tools to each village.

This is an exciting jumpstart for our young organization!

# YOUR IMPACT

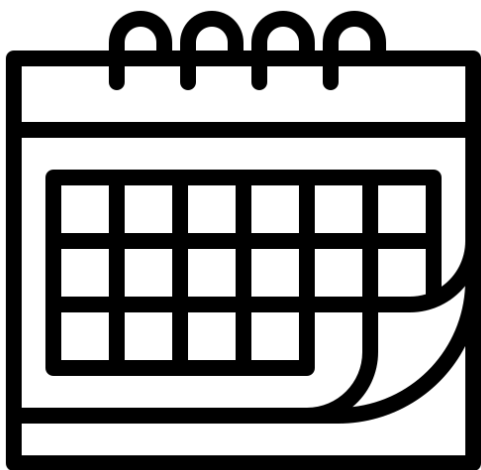

**\$739.77 Raised**

**69** Educational Tools Donated

**23** Donations Per Village

**33** students instantly receive better education.

**100+** students impacted by 2025

**5** months to bring an idea to life.

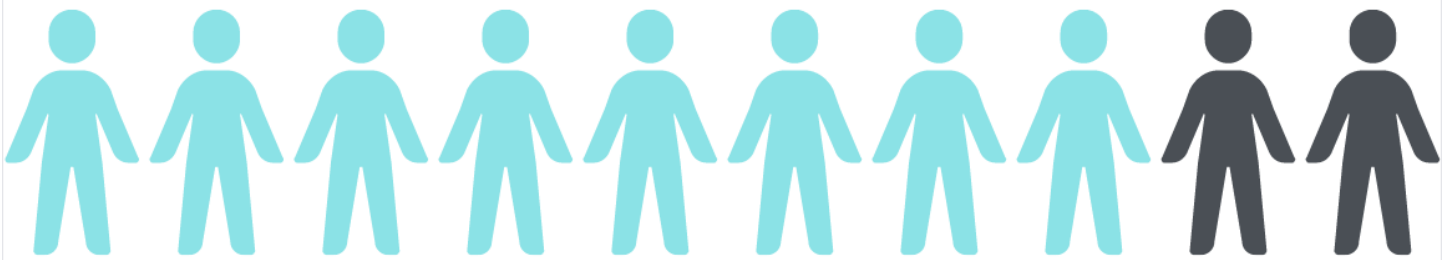

**Your donations have brought  
joy and opportunity to  
Salvadoran students today and  
generations to come!**

# Key Figures

Why your donations matter...

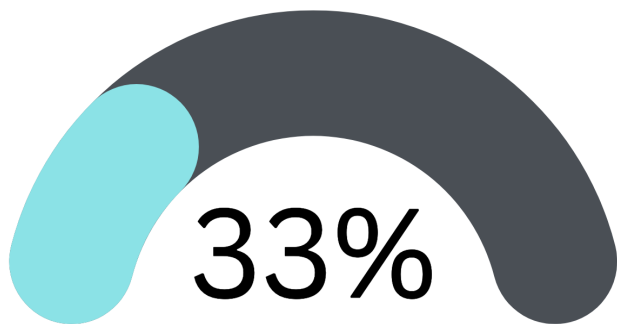

---

## *Education for Children in El Salvador*

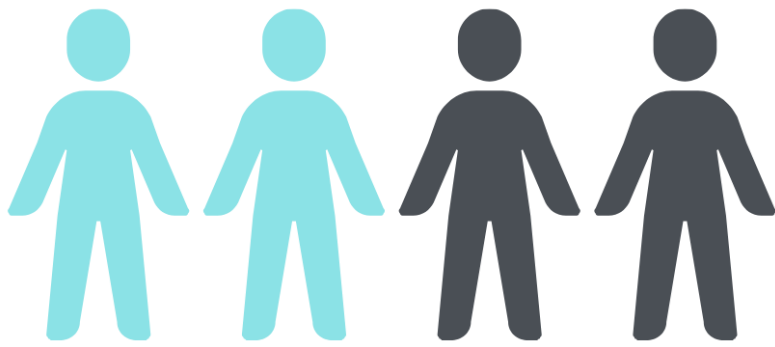

Education is free in El Salvador up until the 9th grade, yet 18% of students drop out before then.

---

only 33% of students eligible for secondary school actually attend.

# *Children and Poverty in El Salvador*

$\frac{1}{2}$  of the population's children and teenagers survive off less than \$1.25 a day.

Roughly 10% of school-aged children work as child laborers.

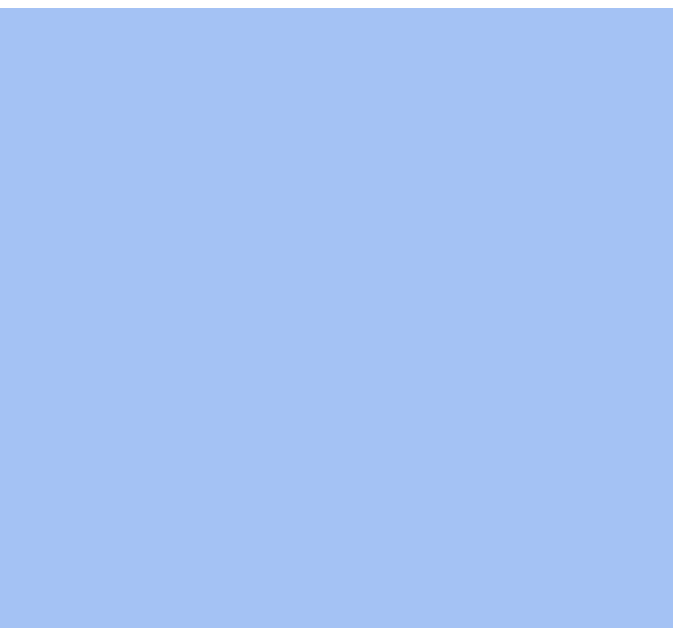

Approximately 1 in 3 children can't afford secondary school. Instead, they work to help their family survive.

# The Bottom Line:

Inadequate education leads to a lack of opportunities within the country, cementing these children in the cycle of poverty.

# The Future

Our goal is to spread our mission throughout many countries in order to give children from around the world the opportunity to break out of poverty. We strongly believe that every child is capable of making a difference for their family, community, and the world. Through better education, we aim to nurture this gift in as many children as we can in order to make the world more loving while also fighting poverty.

Every child has the right to education, which should not be blocked by their social status. Over 256 million children are out of school around the world. This number motivates us, and hopefully you as well, to become a source of change. Although our organization is still small, big things are yet to come.

# Future Campaigns

Our future campaigns will each benefit communities in a different country. At this moment, the communities we will benefit next are unknown. Still, donations are welcome and greatly appreciated. Donations that are received at this time will go towards our next campaign.

Please donate on our website at [cultivatecareers.org](https://cultivatecareers.org) to support our mission!
